## PRIVATE CARS COME HIGH IN THIS STATE

The state tax commission yesterday finished placing the valuations on the rolling stock of the private car companies operating in Arizona. All companies sending private cars across the state are forced to pay taxes on their property.

The heaviest individual taxpayer is the Pullman company, whose property crossing and recrossing the state is valued at \$977,974.80. Of the thirty-six other companies, several rarely send their cars across the state, and in some instances they will be assessed on a fraction of a car caused by the fact that the valuation is placed on car mileage rather than on the car itself.

The company having the next highest valuation is the Pacific Fruit Express company of San Francisco, whose property is valued at \$485,924.42, while the Santa Fe Refrigerator Despatch company, another heavy fruit shipper, has its property valued at \$273,366.30. The property of the Union Tank line of New York is valued at \$48,200.00, that of the Swift Refrigerator Transportation company at \$4,400, and that of the Associated Oil company at \$60,000.

Several of the private car companies are let off with a light valuation, some of them being \$100, and quite a number less than \$200.

## HUGHES ALLIANCE BANNER FLUNG TO PHOENIX BREEZE

A big banner bearing the legend "National Hughes Alliance" was flung across First avenue Saturday in front of the Arizona headquarters of the organization of the Fleming block. Through this means it is desired to attract the attention of not only the faithful republican hosts, but the good men and women of any other party who are constrained to feel that in the present crisis the New Yorker will be a safer pilot than the well meaning gentlemen who have been trying for a long time to straighten out the tangled knots but does not seem able to locate the loose end of the string. The Hughes Alliance is for everybody who wants to see Mr. Hughes elected president. Republicans of course, but democrats, prohibitionists, suffragists and everybody else as well. Come in and enroll your name regardless of any other affiliation except the one all important thing, an honest intention of voting for Mr. Hughes. Do not think that because you are going to cast your vote there is no need of enrollment. The organization wants to know where its friends are now and where they can be found on election day.

### GLENDALE NEWS

Mr. Henry Schwartz and family returned Thursday night from a two months' visit in Jericho Springs, Mississippi, with relatives. On reaching Glendale Mr. Schwartz received a telegram from Jericho Springs announcing the serious illness of his father and was preparing to leave for his bedside. A telegram containing the news of his death came this morning. Mr. Schwartz and family have the sympathy of the community in their bereavement.

The new home of H. C. Mann at Peoria caught fire from spontaneous combustion Wednesday, but the fire was discovered and put out before it had done much damage. The house was recently completed and the fire started in some old paint cans.

Mrs. C. A. Cohenour has a fall opening at her millinery establishment. The room was beautifully decorated in LaFrance and American Beauty roses. Mrs. Holly assisted Mrs. Cohenour in the millinery, while the Misses LaFrance assisted in entertaining the guests.

It would be impossible to do full justice to the carnival given by the Glendale Woman's Club Friday and Saturday nights. It so far surpassed many of the traveling carnivals that one could hardly believe it was people who in their every-day life direct the social and business life of Glendale. One beautiful matron who is dignity personified in everyday life, "dignifying" for the delicious home-made candy and selling it as fast as it could be handed out. Then the ice cold drinks fresh from the well—that well furnished every one with a drink of the soft kind. Then the fish pond; everybody fished and fished anything from a rubber ball to the latest Parisian chaparral. John Tucky hit the nigger baby and was given a cigar when he claimed tasted like okra. Then they charged him 10 cents more for kicking. Mrs. Lafayette Meyers' show was a troupe of Glendale beauties—Miss Morrison, Miss Ralston, Miss Liet, Miss McClaughry, Miss Green, Miss Jackson, Miss Ratcliff—in musical jinks, singing and dancing. The girls made up in the real style, too, entertained large crowds with soft Hawaiian songs and music. This troupe was Mrs. Hunter, Mrs. Cox, Mrs. Moore, Mrs. Little, Mrs. Conner, Mr. McCoy, Mr. Harry Moore, Mr. Conner and Mr. Little. There were two parades, the one Saturday was especially entertaining, being headed by a masculine suffragette, supposed to be Jim Hotchkiss, who was insisting on some kind of "men-diment." Cowboys and cowgirls, clowns and ponies. The Friday night "roll" was \$250. The ladies are well pleased with the result. They have a beautiful club house and this money will be applied on the building fund.

You are invited to visit Graves' Indian Shop at 33 Vest Adams Street.

## HUGH MARSHALL RETIRES FROM PHX. NATIONAL

H. D. Marshall, cashier of the Phoenix National Bank returned yesterday morning from his vacation during which he attended the convention of the American Bankers' Association held in Kansas City last week. He says that more than 400 bankers were registered at the convention and that the meeting was successful in every particular. Every state in the union was represented, as was Alaska and the Philippines.

The bankers without exception reported their sections of the country to be in excellent condition and the prospects for the future good. Figures were read showing the United States to be in the most prosperous condition in its history and the co-operation of bankers and businessmen was urged to enable it to take its place as a financial world power.

Continuing, Mr. Marshall said: "Some six or eight months ago I decided to discontinue my participation in the banking business as an active officer and I tendered my resignation as cashier at that time. My reason for so doing was to give me an opportunity to have more time outside to look after other interests. Immediately we began looking around for a suitable man to succeed me as cashier and we finally decided upon Mr. W. H. Thompson of the National Bank of California of Los Angeles. Mr. Thompson has just moved to Phoenix with his family but at present will occupy no official position. He will spend the next few months in becoming acquainted with the people of the Salt River Valley. He will be elected cashier at the annual meeting in January. "Mr. Thompson leaves an excellent position in California to cast his lot in Arizona. He brings with him the experience gained through years of successful banking. I feel that Phoenix is fortunate in securing as a permanent resident, Mr. Thompson and his charming family. I expect to retain my stock interest in the bank and, of course, to continue my residence in Phoenix. The more I see of other places, the better satisfied I am here."

## AGED MANS SAYS IS IGNORANT OF CRIME

[Republican A. P. Leased Wire]  
SAN FRANCISCO, Oct. 1.—Theodore Pain, the aged man arrested last night in connection with the murder of John A. Hunt, San Francisco clubman whose body, stabbed and with throat cut, was found last night in front of an apartment house, admitted to the police today that he had trouble with somebody, that he remembered being in a fight but had no recollection of having stabbed anyone.

He told the police further that he did not know Hunt and had no reason to harbor him. He said he was in the company of Alice Fay, his daughter, for whom he demanded admittance to the apartment where Hunt was dining as a guest. He said he was in the company of his father, who was mentally unbalanced. She and her father, she said, came here in 1915 from Denver, Colorado.

### Y. W. C. A.

The work at the Association is beginning in good earnest and the interest so far looks very promising for a splendid year.

The High School club, known as the Alpha Alpha Gamma, has its work very well outlined for the first semester. The reception, which was held in the flat at the high school Thursday from 2 to 4 was well attended and a number of new girls joined. This month is to be a special membership month, and in October a special installation of the new members will be held and the program was given and thoroughly enjoyed by all. Miss McDaniel very kindly loaned her Victrola, which furnished music throughout the afternoon. Mr. Cook gave a very interesting talk on what the work of the Young Men's Christian Student Association meant in the life of the school from which he came. The work of the social committee of the City Y. M. C. A. served.

The Business Girls' Club had a very interesting meeting last week in the office. Fourteen girls were present and plans were laid for a banquet which is to be given Monday night, October 9, the place to be announced early in the week. This will be a 35-cent supper and any business girl in town, not a member of the club, is cordially invited, but the tickets must be obtained not later than Friday, October 6. Anyone wishing a ticket phone Miss Sydney House at 671.

The Tennis Club had a very interesting meeting. Several new girls were present and it is hoped to have a large membership in the near future. The Boarding House is moving into its present quarters, which is proved by the number of girls that have had to be referred to rooms outside, the past few weeks. Five were directed to rooms Saturday night alone, besides the large number this past month.

## COYOTE PAPER HOLDS CIRCULATION CONTEST

The Coyote paper of P. H. S. will be one of the most successful papers of the state. A big campaign was held Friday in getting subscriptions. James Bell editor of the paper, estimated the success of the paper to be about four to five hundred dollars to the good. This will make the school paper a paying proposition. It has been figured out by Principal Cook that the paper will clear one thousand dollars. The circulation manager, Earl Reno, is kept up late at night moaning envelopes.

The paper has the backing and there is no reason why it should not be a success.

Many graduates of P. H. S. register at Tempe Normal. All have the intention of striving in the field of education. Some of the students are Frances Johnson, Lucille Irvine, Don Willard, Maud Earl, Elizabeth Thompson, Edna Edson, Amos Yates and Ruth Yates.

Amos Yates, the orator of last year's senior class, is doing his utmost to organize a Phoenix High School club. The P. H. S. students always make good wherever they register.

## REPUBLICAN SCORES BEAT ON "PLATFORM"

Aside from the humorous features of the document, considerable interest attaches to the democratic platform, adopted Friday, because it first got publicity in the columns of the Republican.

Local democratic organs, relying on the fact they were of the party, made no real effort to smoke out the platform, and the result was that a hustling Republican reporter beat them to it. A good deal of chagrin was felt.

As the remarkable document is studied, its ridiculous side grows on one. It was obviously an attempt by the state committee to smooth over some nasty things said this year.

A student of political literature could find much to comment on in the platform. But to the ordinary casual observer, it is merely a mass of gaudy words. It is not even polished for in one place, it refers to the lamented senate bill 32, as a thoroughly undemocratic measure—but in the same paragraph, it says that the act was passed by both houses of a thoroughly democratic legislature.

The absence of any reference to Mexico is a conspicuous one in these days and places where the Mexican question is a live throbbing one. Possibly in this respect, however, the democratic platform was extremely politic, for scarcely any reference could be made to democratic handling of the Mexican situation, that would reflect credit on democratic business, diplomatic and military methods.
